

# Eggboard Acoustic Panel - 800x400 - Wall/Ceiling - Green

Artemide  
No. AZ50051

The entire Eggboard collection is based on the principle of acoustic absorption to limit sound reverberation, particularly with respect to human voice frequencies. Panels with grazing light intended for wall or ceiling installation are the new elements making up the lightscape and ensuring perfect environmental quality. In the wall and ceiling versions, grazing light can be associated on each side.
