

Hero Eco 9W 40D 40K CRI >90

INLITE

No. LL-010-40-40

The latest generation Hero ECO has been engineered to achieve the highest performance possible, with improved light quality CRI>90, while still meeting the requirements for budget conscious projects. With a delivered light output of up to 1010 lumens from only 9 watts lamp power (11w including driver), the Hero ECO delivers outstanding performance and value. Hero Eco downlights are rated IC-4. The IC-4 rating means that when installed in the ceiling Hero Eco downlights can be abutted and or directly covered by a maximum of 240mm of insulation safely.
