

Sylt - Diffused Linear - 1200mm - 3000K

Artemide
No. CH12304

Sylt takes the concept of a track capable of powering and supporting multiple lighting elements to the extreme, providing both high-tech and expressive beauty. The section of Sylt is just 7 x 14,5 mm, which can be bent at the construction site, simply, to accommodate any geometric shapes dictated by the lighting requirements and by the architecture. It is possible to outline curves that are accentuated to different extents, free and sinuous shapes that come together with a wealth of light performance. The project overcomes architectural and installation constraints in terms of layout and time. The profile dialogues with the architectural space following light needs through its ceiling version.

Carlotta de Bevilacqua

Technical		Photometric	
Mounting	Suspension	Colour Temp	3000K
IP Rating	IP20	CRI	90

Physical		Electrical	
Height	20 mm	Power	30W
Material	Aluminum
