

Sylt - Vector 40 - 14° -  
2700K - Dimmable - Black

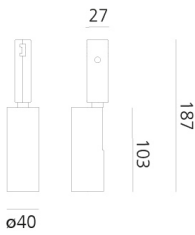

Artemide  
No. CH43004

Sylt takes the concept of a track capable of powering and supporting multiple lighting elements to the extreme, providing both high-tech and expressive beauty. The section of Sylt is just 7 x 14,5 mm, which can be bent at the construction site, simply, to accommodate any geometric shapes dictated by the lighting requirements and by the architecture. It is possible to outline curves that are accentuated to different extents, free and sinuous shapes that come together with a wealth of light performance. The project overcomes architectural and installation constraints in terms of layout and time. The profile dialogues with the architectural space following light needs through its ceiling version.
