

# Yori Evo Box, Performance

Reggiani  
No. T.GH94H.NN31

The Yori Box projector has been developed and advanced to create Yori Evo Box, which extends the specific features of the Yori Box range to a new, powerful luminaire with a simple, elegant design. It comes in four sizes and has an outstanding lumen output up to 4520 lm. It offers a wide range of control systems, including Dimmer on board and Bluetooth. The accessories that complete this family make it even more versatile.
