

Toto Micro Fix

Orluna

No. NL-TC-27-X-F-W-BB-P

This is perfect for niches or stairs whether indoors or outdoors. This is available in 316 marine grade stainless steel as well as a range of beautiful anodised finishes. All our IP67 uplights have a breather gland to prevent condensation as well as triple o-ring construction. As part of our seamless Beautifully Lit range, the light quality and colour exactly match our other fittings.
